Groups 2 and 10 object to CMP's Motion to Strike portions of the rebuttal testimony of Eric Sherman and Justin Priesendorfer. As stated in Mr. Sherman's rebuttal testimony, he uses the testimony of Group 6 witnesses to illustrate the impact of this project but then states that the conclusions are not the end of the story. Mr. Sherman's rebuttal testimony is on topic and relevant and should therefore be admitted. Mr. Priesendorfer conducts a similar review of Group 6 witness testimony to arrive at a conclusion different than that which Group 6 witnesses state. This testimony is also on topic and relevant. CMP's motion with respect to Mr Sherman's and Mr. Preisendorfer's rebuttal testimony should therefore be denied.
