

Town of Topsham: Nature Based Climate Solutions for the Topsham Fair Mall Stream Watershed

PARTNERS

Brunswick -Topsham Land Trust; FB Environmental and Terrence J DeWan and Associates are providing reduced hourly rates which are included as in-kind match.

PROJECT DESCRIPTION (anticipated completion December 2022)

This project will identify nature-based climate solutions that can be used in the Topsham Fair Mall to create climate-ready infrastructure while providing effective stormwater treatment to protect and restore the Topsham Fair Mall stream

COASTAL COMMUNITY GRANTS: Coastal Resiliency

watershed. Concept designs developed will be integrated into the existing Transportation Master Plan to create a cohesive Plan that addresses walkability, traffic flow, infrastructure climate resiliency, stormwater treatment, and aesthetic improvements to the area.
