State Park

Welcome!

Whether you are visiting for the first time or regularly enjoy Maine State Parks, Historic Sites, and Public Lands, the beauty and cultural heritage of these lands is always a thrill. The Bureau of Parks and Lands (BPL) is the steward of these lands, carefully managing them to provide recreational opportunities, wildlife habitat, and timber in perpetuity.

Year-Round Enjoyment Although during the fall and winter, many facilities are closed for the season, people continue to enjoy the areas on foot and are encouraged to do so. Park day-use fees still apply and are payable at entry self-service stations. Maine residents, 65 and older, receive free day-use admission.

Note: Entry gates may be closed and parking lots unplowed, so plan your parking and hiking ahead of time. For current conditions at select locations subscribe online at www.parksandlands.com to receive text or email alerts, or call the park. On and off season phone numbers are listed in this guide.

Welcome, and have a great time!
