Giving Thanks

By Beres Hammond

Right now, I'm taking it easy,
Check my steps, I'm not in a hurry,
Soon I'll have the things that I need so bad.

Morning sun rising behind me,
Stars at night come out to remind me,
To give thanks for all of the things that I have.
All is well, I've got my health and in such good shape,
Pocket's broke and I've got nothing
waiting for that break.

So I'm giving thanks now
Yes I'm giving thanks, for all I've got,
I'm giving thanks, whether or not,
I'm giving thanks for the life in me
I'm giving thanks now.
