

Example of a Progress Monitoring Recording Document

(This is the minimal amount of information that should be recorded. Any additional information that would be useful to teachers in the future should be included. Example: The student traveled out of the country for 3 months during the school year, but was able to maintain their academic status upon return)

Progress Monitoring for Students who have exited ML program with an ACCESS score of 4.5 or higher. At the completion of each school year, a record of the progress monitoring that has been completed should be placed in the student's cum folder.
