

EXHIBIT 1

This notice may be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Assumption University (“AU”), located at 500 Salisbury St., Worcester, MA 01609, does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

Nature of the Data Event

On April 4, 2023, AU discovered unusual activity occurring on certain employee email accounts. Upon this discovery, AU quickly initiated an investigation which included working with third-party forensic specialists to understand the nature and scope of the activity. AU’s investigation determined that two AU email accounts were subject to unauthorized access between March 4, 2023, and April 4, 2023, and that data may have been accessed by an unauthorized actor during that time. As a result, AU performed a comprehensive review of the data determined to be at risk to assess the type of information potentially affected and to whom it related. On September 18, 2023, AU completed this review and determined sensitive information of individuals was potentially affected.

The information that could have been subject to unauthorized access includes name, Social Security number, and Driver’s License number.

Notice to Maine Residents

On November 17, 2023, AU provided written notice of this incident to approximately forty-eight (48) Maine residents. Written notice is being provided in substantially the same form as the letter attached here as *Exhibit A*.

Other Steps Taken and To Be Taken

Upon discovering the event, AU moved quickly to investigate and respond to the incident, assess the security of AU systems, and identify potentially affected individuals. Further, AU notified law enforcement regarding the event. AU is also working to implement additional safeguards and training to its employees. AU is providing access to credit monitoring services for two (2) years, through TransUnion, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, AU is providing impacted individuals with guidance on how to better protect against identity theft and fraud. AU is providing individuals with information on how to place a fraud alert and security freeze on one’s credit file, contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. AU is providing written notice of this incident to relevant regulators, as necessary.
