Re: Notice of Data Breach

Dear <<First Name>> <<Last Name>>:

We are notifying you of a recent security incident involving your personal information. This notice explains the incident, steps Xfinity has taken to address it, and guidance on what you can do to protect your personal information.

What Happened? On October 10, 2023, one of Xfinity’s software providers, Citrix, announced a vulnerability in one of its products used by Xfinity and thousands of other companies worldwide. At the time Citrix made this announcement, it released a patch to fix the vulnerability. Citrix issued additional mitigation guidance on October 23, 2023. We promptly patched and mitigated our systems.

However, we subsequently discovered that prior to mitigation, between October 16 and October 19, 2023, there was unauthorized access to some of our internal systems that we concluded was a result of the Citrix vulnerability. We notified federal law enforcement and conducted an investigation into the nature and scope of the incident. On November 16, 2023, it was determined that information was likely acquired.

What Information Was Involved? On January 18, 2024, we concluded that the information included your <<name/Social Security number/driver’s license number>>.

What We Are Doing. In addition to taking the steps detailed above, we are offering you complimentary credit monitoring and identity restoration services through IDX, a ZeroFox Company. IDX identity protection services include 24 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services.

What You Can Do. We recommend you review the “Steps You Can Take To Protect Your Information” section included with this letter, which includes instructions on how to enroll in the credit monitoring services, as well as additional information on how you can further protect your personal information.

More Information. If you have additional questions, please contact IDX, Xfinity’s incident response provider managing credit monitoring enrollment, customer notifications, and call center support, at 1-888-686-5142 toll-free 24 hours a day, seven days a week.

Sincerely,

Check your credit report: You are entitled to a free copy of your credit report annually. To obtain your credit report, visit www.annualcreditreport.com, call toll-free 1-877-322-8228, or mail an Annual Credit Report Request Form (available at www.annualcreditreport.com) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. You can also purchase a copy of your credit report or contact the three major credit reporting bureaus at:

Place a security freeze: You may place a security freeze on your credit reports, free of charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. You will need to place a security freeze separately with each of the three major credit bureaus if you wish to place a freeze on all of your credit files. In order to request a security freeze, you will need to supply the credit reporting agency with information that identifies you, including your full name, date of birth, Social Security number, all addresses for up to five previous years, a copy of your state identification card or driver's license, and a copy of a utility bill, bank or insurance statement, or other statement proving residence. To find out more on how to place a security freeze, contact the credit reporting agencies:

Place a fraud alert: At no charge, you can also have the three major credit bureaus place a fraud alert on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact the credit reporting agencies:
