**Re: Stratford University – Supplemental Security Breach Notification**

Dear Mr. Frey:

We are writing on behalf of our client, Stratford University (“Stratford”). Stratford’s prior notice to your office miscalculated the total number of impacted individuals due to a clerical error. Stratford believes the correct total number of potentially impacted individuals is seventy-eight thousand eight hundred ninety-four (78,894). The number of potentially impacted Maine residents remains the same.

Please note that notifications were sent previously to the potentially impacted individuals (Stratford provided a copy of the letter sent to the potentially impacted individuals in the prior notice to your office), and this notice is solely intended to provide the accurate number of potentially impacted people.<sup>1</sup>

If you have any questions or wish to discuss this event further, please do not hesitate to call me on my direct dial (410) 456-2741 or email me at spollock@mcdonaldhopkins.com.

Sincerely Yours,

A handwritten signature in blue ink, appearing to read "Spencer S. Pollock".

Spencer S. Pollock, Esq., CIPP/US, CIPM
