The San Francisco 49ers has concluded its investigation into a security incident involving its corporate IT network. Upon learning of the incident, the 49ers immediately activated its incident response plan, took measures to stop the access, and launched an investigation. A cybersecurity firm was engaged to assist with the investigation to determine the nature and scope of the incident. Through the investigation, the 49ers identified unauthorized access to and/or acquisition of certain files on its corporate network between February 6–11, 2022.

The 49ers conducted a thorough review of these files to identify the individuals whose information was contained in the files, and additional research to locate and verify the addresses for these individuals. The 49ers completed this process on August 9, 2022, and discovered that the incident involved the name and Social Security number of seven Maine residents.

On September 1, 2022, the 49ers commenced mailing notification letters to the Maine residents in accordance with 10 M.R.S.A. § 1348.¹ A copy of the notification is attached. The 49ers is offering eligible individuals a complimentary one-year membership in credit monitoring and identity theft protection services through Experian. The 49ers has also established a dedicated call center for individuals to call with questions about the incident.

To reduce the risk of a similar incident occurring in the future, the 49ers has implemented additional measures to further enhance its security protocols and continued education and training of its employees.

¹ This report does not waive the 49ers' objection that Maine lacks regulatory authority over it related to any claims that may arise from this incident.

You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.

You can reach the San Francisco 49ers by mail at 4949 Marie P. DeBartolo Way, Santa Clara, CA 95054 or by phone at 408-562-4949.
