We are writing to notify your office of a third-party event that may affect the security of certain personal information relating to one (1) Maine resident. This notice may be supplemented with new significant facts learned subsequent to its submission. By providing this notice, Northfield Bank does not waive any rights or defenses regarding the applicability of Maine law, the applicability of the Maine data event notification statute, or personal jurisdiction.

Nature of the Data Event

On August 4, 2023, Northfield Bank was initially notified by a third-party vendor of an incident related to vulnerabilities discovered in the vendor's MOVEit Transfer application. The vendor uses MOVEit software to support services being provided to the bank. Northfield Bank understands the third-party vendor's MOVEit Transfer application was exploited between May 27 to May 31, 2023 and that certain Northfield Bank customer information being stored within the application was subject to unauthorized access or acquisition. On August 8, 2023, the third-party vendor provided Northfield Bank with files containing a list of potentially affected individuals, the types of data associated with each individual, and the documents that were subject to unauthorized access. Upon receiving the same, Northfield Bank commenced a detailed review of the files to confirm the information reported by the third-party vendor. This review concluded by Northfield Bank on August 28, 2023 (subject to change of address and deduplication processes) and the information that could have been subject to unauthorized access includes name, address, account number, Social Security number and/or online banking username. On August 30, 2023, the third-party vendor provided Northfield Bank with additional files that include a list of potentially affected individuals, the types of data associated with each individual, and the documents that were subject to unauthorized access. This review is ongoing.

Notice to Maine Resident

On September 7, 2023, Northfield Bank began providing written notice of this event to one (1) Maine resident. Written notice is being provided in substantially the same form as the letter attached here as *Exhibit A*. Northfield Bank continues to review the data impacted and may supplement this notice if additional residents of Maine are determined to be impacted.

Other Steps Taken and To Be Taken

Upon being notified of the incident, Northfield Bank moved quickly to investigate, gather as much information from the vendor as possible and notify potentially affected individuals. Northfield Bank, through the third-party vendor, is providing individuals whose personal information was potentially impacted by this event access to credit monitoring services for two (2) years through Kroll at no cost to the individuals.

Additionally, Northfield Bank is providing impacted individuals with guidance on how to better protect against identity theft and fraud, including advising individuals to report any suspected incidents of identity theft or fraud to Northfield Bank or any other of their financial institutions. Northfield Bank is providing individuals with information on how to place fraud alerts, credit freezes, and credit lock on their credit files, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud. Northfield Bank is also providing notice of this incident to relevant state and federal regulators.

What Happened?

On August 4, 2023, we were notified by our vendor of an incident which occurred during the period May 27 to May 31, 2023, related to vulnerabilities discovered in the MOVEit Transfer application. The application is offered by Progress Software Corporation and is a commonly used Managed File Transfer (MFT) software supporting file transfer activities of thousands of organizations around the world. The MOVEit software was used by our vendor to support its services to Northfield Bank. Upon notification from our vendor of the event, Northfield Bank began an investigation to evaluate the scope and nature of the event.

Although we have no indication of identity theft or fraud in relation to this event, we are providing you with information about it, our response, and additional measures you can take to help protect your information.

What Information Was Involved?

ADDITIONAL STEPS YOU CAN TAKE

To help protect against possible fraud, identity theft or other financial loss, we encourage you to remain vigilant, to review your account statements and to monitor your credit reports. Provided below are the names and contact information for the three major U.S. credit bureaus and additional information about steps you can take to obtain a free credit report, and place a fraud alert or security freeze on your credit report. If you believe you are a victim of fraud or identity theft you should consider contacting your local law enforcement agency, your state's Attorney General, or the Federal Trade Commission.

INFORMATION ON OBTAINING A FREE CREDIT REPORT

U.S. residents are entitled under U.S. law to one free credit report annually from each of the three major credit bureaus. To order your free credit reports, visit www.annualcreditreport.com or call toll-free (877) 322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

INFORMATION ON IMPLEMENTING A FRAUD ALERT, CREDIT FREEZE, OR CREDIT LOCK

To place a fraud alert, credit freeze, or credit lock on your credit report, you must contact the three consumer reporting agencies below:

Equifax:
Equifax Information Services LLC
P.O. Box 105788
Atlanta, GA 30348
1-888-298-0045
www.equifax.com

Experian:
Credit Fraud Center
P.O. Box 9554
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion:
Fraud Victim Assistance Department
P.O. Box 2000
Chester, PA 19022-2000
1-800-680-7289
www.transunion.com

Fraud Alert: Consider contacting the three major consumer reporting agencies at the addresses above to place a fraud alert on your credit report. A fraud alert indicates to anyone requesting your credit file that you suspect you are a possible victim of fraud. A fraud alert does not affect your ability to get a loan or credit. Instead, it alerts a business that your personal information might have been compromised and requires that business to verify your identity before issuing you credit. Although this may cause some short delay if you are the one applying for the credit, it might help protect against someone else obtaining credit in your name.

To place a fraud alert, contact any of the three major consumer reporting agencies listed above and request that a fraud alert be put on your file. The agency that you contacted must notify the other two agencies. A fraud alert is free and lasts 90 days, but can be renewed.

Credit Freeze: A credit freeze prohibits a consumer reporting agency from releasing any information from a consumer's credit report until the freeze is lifted. When a credit freeze is in place, no one—including you—can open a new account. As a result, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services.

Placing a credit freeze is free. To place a credit freeze, contact all three consumer reporting agencies listed above and provide the personal information required by each agency to place a freeze, which may include:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, a copy of either a police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

When you place a credit freeze, you will be provided a PIN to lift temporarily or remove the credit freeze. A credit freeze generally lasts until you lift or remove it, although in some jurisdictions it will expire after seven years.

Credit Lock: Like a credit freeze, a credit lock restricts access to your credit report and prevents anyone from opening an account until unlocked. Unlike credit freezes, your credit can typically be unlocked online without delay. To lock your credit, contact all three consumer reporting agencies listed above and complete a credit lock agreement. The cost of a credit lock varies by agency, which typically charges monthly fees.

You may also contact the U.S. Federal Trade Commission ("FTC") for further information on fraud alerts, credit freezes, credit locks, and how to help protect yourself from identity theft. The FTC can be contacted at 400 7th St. SW, Washington, DC 20024; telephone 1-877-382-4357; or www.consumer.gov/idtheft.
