Subject: Minimum Required Payout for Private Foundation

Part I: Undistributed Income

A private foundation that is not an operating foundation must spend a minimum amount annually in the form of grants to public charities and private operating foundations to accomplish its charitable purposes. The tax statute prescribes a minimum payout of at least 5% of the total fair market value of the foundation's assets, subject to certain adjustments. The foundation is given two years in which to make the qualifying distributions - the year for which the minimum distributable amount is calculated and the subsequent year. Failure to comply with the minimum payout requirement results initially in a penalty tax of 30% on the undistributed amount.

Please be aware that if an initial 30% tax is imposed under IRC Sec. 4942(a) and any portion of such income remains undistributed as of the end of the subsequent fiscal year, the IRS is authorized to impose a tax equal to 100% of the amount remaining undistributed pursuant to IRC Sec. 4942(b).

The undistributed income if any must be distributed by no later than 06/30/2024 or the trust will be subject to the 30% penalty tax.
